How to process CT scan files

To process your CT scan files you can either upload the data to an ftp site or mail a CD to Materialise.

How to upload CT scan files

- Open your browser.
- Type <ftp://ftp.materialise.be/upload> in the address field.
- Before you upload your data save your patient files in a folder named with date and your name. Drag the folder into the ftp program.
- The progress bar will give you an indication of how long it will take to upload your files.
- Please send us a notification e-mail when the files are uploaded: facilitate@materialise.be

Don't forget to enclose the order form.

You can also send the CT scan filed on a CD together with the order form to:
